

To whom it may concern,

My name is Keyatta Mincey Parker and I am the owner and operator of A Sip of Paradise Garden, a non-profit bartender's community garden. I wanted to take the time to express what a valuable asset Amber Aristy is on a professional and personal level. I met Amber just about 5 years ago and she has been an advocate, educator, and supporter of myself and the garden.

Amber's knowledge of spirits, wine, and beer and absolute love of whiskey and scotch is remarkable. She is a founding member of G.R.I.T.S (Georgia Restaurant Intersectional Training Support), a board member of A Sip of Paradise Garden, the driving force of our composting and water irrigation system, and a strong advocate of sustainability both in the spirits and hospitality industry.

She is a problem-solver to her friends and colleagues, positive light, and a true confidant. I trust her immensely. When she puts her mind on something no matter how challenging she gets it done. She is truly a jewel that shines bright in our industry and I am very fortunate and grateful to know her on both levels.

Warmest Regards  
Keyatta Mincey Parker
